

# Lakeside Resort

**Lakeside Resort** is an awesome lodge resort overlooking beautiful, scenic Center Hill Lake. Randy Shelton, the charismatic marketing and sales manager, knows the meaning of southern hospitality and service, which is exhibited by his very polite nature and radiant smile. His exuberance rubs off on the team at Lakeside Resort. They all pride themselves in offering a very special environment for weddings, family reunions, corporate retreat, church groups, business meetings and special occasions. Lakeside has the facilities to accommodate any type of gathering and customize the facilities to your event.

The amazing views and Lakeside's lakeside amphitheater and banquet hall (which gives an amazing backdrop for memorable photos and an enchanting evening) make this is an ideal destination for a wedding or other special occasions. The Lakeside facilities also offer a special greeting area, perfect for an extraordinary reception with spectacular views from the veranda. Catering can be arranged with Chef Bob Sotis. He can offer a wide array of culinary delights to treat your guests. The bridal party and guests can easily overnight at the Lodge which offers 26 units with kitchenettes – 18 having lake views. The Presidential Suite would make a perfect place for the bride and the groom to spend their first night as a married couple. The spacious quarters offer a wonderful environment to relax after the memorable evening. Lakeside Resort is also accessible to the many marinas. If you are in for a little adventure or some day time water activity, **JBEEZ** is located just down the road and can accommodate your water activity needs. JBEEZ is Center Hill's premier water recreation outfitter and can deliver a Jet Ski or pontoon boat to Lakeside Resort's complementary

boat slips. Come out and enjoy Center Hill Lake's beauty and what better way than trolling, fishing, jet skiing or swimming through these clean waters. Lakeside Resort offers a heated swimming pool overlooking the lake which is open from spring to late Fall – perfect for a pool party, family gathering, or families looking to vacation together. Lakeside Resort continues to add to their sprawling facility and prides itself in offering new, modern accommodations. They will gladly assist you in planning your trip, vacation, wedding or gathering with attentive customer service in mind. There is a long standing tradition with one of the country's top public universities, Tennessee Technological University (TTU) located in Cookeville. TTU used to conduct their Biology Research Center here. Today, TTU uses the Lakeside Resort Education Facility for their Professional Resort and Quantity Food Management Course. This is an eighteen week program which is taught on-site which counts as continuing education units towards a certification. When planning a special church outing, family reunion, wedding, corporate or business

function, think of Lakeside Resort. Make sure to talk to Randy Shelton and have him assist you with your event or gathering - and package pricing. Let him know that "Annie" sent you! The General Manager Milburn Rodgers has a motto and likes to say that "It is a beautiful day in paradise at Lakeside Resort". Lakeside Resort is easily accessible from I-40 (about 7 miles) on Hwy. 56 and is close to many of the marinas on the lake. Visit Lakeside Resort online at [www.LakesideResort.com](http://www.LakesideResort.com), or call 1-888-839-4799, or in person and experience the best southern hospitality. Happy Trails!
