

Center Hill Marina and Yacht Club is a full service marina conveniently located off of Hwy. 96 and I-40 featuring over 600 boat slip rentals, lakeview cabin rentals and pontoon boat rentals. Center Hill Marina is tucked away in a attractive cove where they have been delighting vacationers for over fifty years. They are known for their floating home-style restaurant – **The Coppertop Restaurant** where visitors and locals alike enjoy their homemade cuisine, especially the desserts. Marina manager, Mistie Mauldin is proud of their newest addition, an expansive fresh salad bar to complement any meal. The Coppertop Restaurant has an excellent ambience with a casual dining atmosphere

which delights boaters and visitors throughout the season. Restaurant Manager, Helen Maynard loves to tell about their signature hand-breaded catfish and one of their dinner favorites - the "Redneck Nachos". The "Redneck Nachos" are topped with hickory smoked pulled pork barbecue, homemade barbecue sauce and salsa, white beans and a blend of cheeses to create this delicious concoction. Their homemade desserts and pies are one of the things that keep customers coming back with favorites like banana pudding, chocolate pie and the peanut butter fudge pie - irresistible. You must make sure to save room for dessert and burn a few extra calories before you come in by swimming a few more laps or walking down the windy road leading to the marina. I don't know about you, but I love a good old fashioned, home cooked, country breakfast on the weekends. Boy, you can sure find a delightful spread at their breakfast buffet which is served on Saturday and Sundays during the season. You will find favorites like biscuits and gravy, eggs, bacon, potatoes and made-to-order French toast. There is no microwave cooking in this restaurant. Everything is made from scratch. They are open during season, from mid-May through around Labor Day, on the weekends only (Friday – Sunday) with inside and outside seating. Come on down and enjoy Center Hill Marina & Yacht Club, maybe spend the weekend, drop by for dinner and see why Center Hill Marina has been serving so many Nashvillians for decades. The Ship's Store also offers summer clothing, boating and camping supplies, ice cream, cold drinks, snacks and fishing tackle. Mistie and her team, pride themselves on keeping the service level high and want their customers to enjoy their vacation, take pleasure in their visit and come back again real soon! Center Hill Marina & Yacht Club can be visited online at www.centerhillmarina.com or they can be reached by phone at (615) 548-4315.

Sligo Marina is owned by Guy Luna, Jr. and Gary Luna. It is truly a family owned and operated marina and has been since 1981. Sligo Marina has gone through major renovations to offer even more family fun and enjoyment on beautiful Center Hill Lake. Dennis Kay is returning as Restaurant and Store Manager. He will gladly assist you with renting one of 5 pontoon boats or one of the 6 cabins that are available. Dennis was the Concessions Manager for Sligo during the 1998-1999 seasons. He is very excited to be back. He has been a boater for years and will provide a fun and friendly atmosphere for the marina. Dennis speaks lovingly about his vision

and the changes going on at the marina. The **Wheelhouse Restaurant** has also undergone major renovations and will be offering a new menu with what Dennis promises will be the best variety and most tasty appetizers on Center Hill Lake. His favorite is their new chicken wings. If you haven't tried the Sligo Burger, you haven't tried the best burger on Center Hill Lake. This popular huge hamburger steak offers all the fixings. Top this off with some of their new Mexican cheese sticks or onion rings! The new 1,000 square foot covered pavilion area outside the Wheelhouse will offer additional seating, plus an area for entertainment. Dennis envisions lots of fun with hot summer nights and folks picking and playing under the wonderful new covered outside seating area. What a great place for a wedding, family reunion, special get together or meeting. The covered slips are being expanded and upgraded, plus pontoon and cabin rentals are available. WI-FI is available and don't forget to check out their Ship's Store which offers plenty of summer merchandise, souvenirs, grocery items, fishing tackle, and bait. Come on down to Sligo Marina and experience the Luna

family's hospitality and desire to serve you. Sligo Marina can be visited online at www.sligoatdock.com or give them a call at 615-597-5245.

Cookeville Boat Dock (CBD) is a vibrant, multigenerational family business where Mama Bear Frida Gaw (Nash) and her children have operated the marina since 1967. Frida ran the business with her husband Reece Nash (who passed away several years ago) raising their children on the lake. They are all passionate about the marina business and love Center Hill Lake (CHL). Daughter Kimberly and her Mom are avid about wakeboarding and wake surfing. You will often see them out on the clear waters of CHL fine tuning their skills. Kimberly loves the sport and recently won third place in the World Wake Surfing Competition – coming

in just behind a lady from Switzerland. Kimberly takes her responsibilities at the marina very seriously. However, every chance she gets she is out on the wakeboard or really excited about one of their newest outdoor toys - the Paddle Board. This is a really cool, flat water canoe that you stand up on and paddle. It has three fins in the back so you can ride the waves or wake! They offered to get me "Annie" out on the infamous Paddle, but I wasn't brave enough! Kimberly did get me on an *INDO* Board, which is a great indoor trainer to gain balance, work your upper back and stomach that gets you used to the balance needed for wakeboarding, surfing or the paddle board. CBD is on the northern shores of CHL and just down the road from Burgess Falls State Natural Area (one of the Burckhard favorite hiking places). CBD is known for their large selection of top merchandise brands *O'Brien*, *Ronix*, *Hyperlite*, *Surftech* and more plus they are available to give expert advice and lessons. One of the new *O'Brien* items is "*Le Trainer*" which is a training wakeboard for children. It is completely safe and a great tool to train children to control their balance and learn the techniques of wakeboarding/surfing. They are always trying to get the latest and newest items. They go to the annual world shows to talk to the pros, get the latest and most technologically advanced wakeboards and accessories. On June 22nd, one of the pros will be coming in to give a clinic for novices and to also teach some more advanced techniques. These pros can do some unbelievable stunts! Last year, Danny Harf, known for his 1260, came to CBD to give a clinic! Frida's children Kimberly, Christina and Carl all have their responsibilities and love being down at the dock with Mom. Kimberly manages the restaurant, **The Lighthouse Restaurant**, which is known for their world famous catfish (hand filleted and breaded) served with all the fixings. They also offer fantastic hamburger steaks, burgers, salads, pizza and down home cooking. Armen has been the cook in the restaurant since the beginning and has a creative touch. Sundays are special, as they start out with a non-denominational church service at 8:30 AM with breakfast served afterwards. This year they will bring some bluegrass pickers and music down to the restaurant on the weekends and hope that talented Carl will join in occasionally. Bluegrass music runs deep in the family, as Frida's Dad was a famous fiddle player and played with Porter Wagner. She says that music is in their blood with some deep roots. Christina manages the books and pays the bills and Carl does all the maintenance and keeps things humming smoothly. What is so nice is their love for each other, love for the lake and their exuberance as a family unit. It is truly special to see their family unit work at what they love - which carries over to their loyal customer base. CBD has over 250 boat slips, some of the largest houseboat slips, pontoon rentals and cabins. Their ship store is chock full with t-shirts, *Hyperlite* clothing, jewelry, marine and fishing supplies and of course "the" place on CHL for fun. They have a huge selection of lifejackets for adults, children and even dogs! If you buy your *O'Brien*, *Hyperlite*, *Ronix* and other water toys, CBD will be happy to blow them up for you at no charge and give you advice on your purchase. These water toys and named brand boards are available at incredible, competitive prices, due their volume and to their relationship with the manufacturers. Need sunglasses, CBD is the only marina selling the high end *Costa Del Mar* and *Kaemon* sunglasses. Fishing is great on CHL and CBD is the place to be. Free Fishing Day is June 11, 2011 and that also marks the annual Bluegill Tournament at CBD. CBD has an ongoing "Bragging Rights Tournament" where all the slip owners can compete for bragging rights for the largest fish caught. Jim McKinnie's 8 ounce Bluegill caught on 10-31-10 is the current record for that species. The display board at the marina shows the most current record for several species. All you fishermen out there stop by and see what great fishing exists. Come to CBD and enjoy the safe, fun, family atmosphere! CBD can be visited at www.cookevilledock.com, Facebook or by phone, 931-858-4008.
